

# Roy Barkan, Ph.D.

rbarkan@tauex.tau.ac.il

Faculty of Exact Sciences/ Department of Geophysics

Tel. NO. 972-522-298228

D.O.B: April 26th, 1980

Place of birth: Israel

ID number: 037492584

updated April 7, 2024.

---

## A. Education

- Tel Aviv University 2004 - 2007  
**B.S.** - Geophysics and Biology.
- Scripps Institution of Oceanography, UCSD 2011  
**M.S.** - Oceanography.
- Scripps Institution of Oceanography, UCSD 2010 - 2015  
**Ph.D.**- Physical Oceanography. Thesis title: "From Forcing to Dissipation: Kinetic and Available Potential Energy Pathways in Idealized Models of Ocean Circulation". **Advisors:** Kraig B. Winters and Stefan G. Llewellyn-Smith.

## B. Academic and Professional Experience

- Department of Atmospheric & Oceanic Sciences, UCLA. 2015 - 2018  
**Postdoc Employee** - Studying oil dispersion in the Gulf of Mexico and the interaction between submesoscale currents and internal waves. **Supervisor:** James C. McWilliams.
- Department of Atmospheric & Oceanic Sciences, UCLA. 2018 - 2022  
**Assistant Researcher in Physical Oceanography**.
- Department of Atmospheric & Oceanic Sciences, UCLA. 2022 - present  
**Associate Researcher in Physical Oceanography**.
- Porter School of Environment and Earth Sciences, Tel Aviv University 2018 - present  
**Assistant Professor in Physical Oceanography**.

## C. Active Participations in Scientific Meetings

- *Zvuloni, A., Artzy, Y., Stone, L., Kramarsky, E., Barkan, R., Kushmaro, A., Loya, Y.* The 11th International Coral Reef symposium: Spatio-Temporal Transmission Patterns of Black Band Disease in a Coral Community (poster presentation). Fort Lauderdale, Florida, 2008.
- *Barkan, R., ten Brink, U., and Lin, J.* American Geophysical Union, fall meeting: Trans-Atlantic tsunamis: Simulations of the 1755 Lisbon and of hypothetical Puerto Rico trench earthquake tsunamis (poster presentation). San Francisco, California, 2008.
- *ten Brink, U., Barkan, R., Andrews, B.D., and Chaytor, J.D.* American Geophysical Union, fall meeting: Inverse Power Law distribution and failure initiation of subaerial landslides, 2009.
- *Barkan, R., Winters, K.B. and Lewellyn-Smith, S.G.* American Geophysical Union, Ocean Sciences meeting: Rotating Horizontal Convection (poster presentation). Salt Lake City, Utah, 2012.
- *Barkan, R., Winters, K.B. and Lewellyn-Smith, S.G.* International Meeting of Students in Physical Oceanography: Rotating Horizontal Convection: Implications to the overturning circulation, thermocline and deep stratification in the oceans (oral presentation). La Jolla, California, 2012.

- *Barkan, R., Winters, K.B. and Lewellyn-Smith, S.G.* Tel Aviv University Department of Geophysics and Planetary Sciences Invited Seminar: Rotating Horizontal Convection: Implications to the overturning circulation, thermocline and deep stratification in the oceans. Tel Aviv, Israel, 2012.
- *Barkan, R., Winters, K.B. and Lewellyn-Smith, S.G.* Cal Tech Environmental Science and Engineering Invited Seminar: Rotating Horizontal Convection: Implications to the overturning circulation, thermocline and deep stratification in the oceans. Pasadena, California, 2013.
- *Barkan, R., Winters, K.B. and Lewellyn-Smith, S.G.* Ocean Turbulence meeting: Rotating Horizontal Convection: Implications to the overturning circulation, thermocline and deep stratification of the oceans (poster presentation). Santa Fe, New Mexico, 2013.
- *Barkan, R., Winters, K.B. and Lewellyn-Smith, S.G.* Ocean Sciences meeting: Energy Pathways and Loss of Balance in an Idealized Ocean Basin Forced by Wind Stress and Buoyancy Fluxes (poster presentation). Honolulu, Hawaii, 2014.
- *Barkan, R., Winters, K.B. and Lewellyn-Smith, S.G.* UCLA Department of Atmospheric and Oceanic Sciences Invited Seminar: Energy Pathways and Loss of Balance in an Idealized Ocean Basin Forced by Wind Stress and Buoyancy Fluxes. Los Angeles, California, 2014.
- *Barkan, R., Winters, K.B. and Lewellyn-Smith, S.G.* Weizmann Institute of Sciences Department of Earth and Planetary Sciences Invited Seminar: An Energetic Perspective of Ocean Circulation: The Role of the Submesoscales. Rehovot, Israel, 2015.
- *Barkan, R and J. C. McWilliams, and A. F. Shchepetkin, and M. J. Molemaker, and L. Renault, and A. Bracco, and J. Choi.* University of Miami, Rosenstiel School of Marine and Atmospheric Science, CARTHE meeting: Submesoscale Dynamics in the Northern Gulf of Mexico: Regional and Seasonal Characterization, and the Role of River Outflow. (Oral Presentation). Miami, Florida, 2015.
- *Barkan, R and K. B. Winters, and J. C. McWilliams.* Hebrew University Institute of Earth Sciences Invited Seminar: An Energetic Perspective of Ocean Circulation: The Role of Submesoscale Dynamics and Internal Waves. Jerusalem, Israel, 2015.
- *Barkan, R and K. B. Winters, and J. C. McWilliams.* Ocean Sciences meeting: The Enhancement of Eddy Kinetic Energy Dissipation by Internal Waves (poster presentation). New Orleans, Louisiana, 2016.
- *Barkan, R and K. B. Winters, and J. C. McWilliams.* Liège Colloquium meeting: Stimulated Imbalance and the Enhancement of Eddy Kinetic Energy Dissipation by Internal Waves (oral presentation). Liège, Belgium, 2016.
- *Barkan, R and K. B. Winters, and J. C. McWilliams.* Jet Propulsion Laboratory, Oceanography Devision Invited Seminar: Stimulated Imbalance and the Enhancement of Eddy Kinetic Energy Dissipation by Internal Waves. Pasadena, California, 2016.
- *Barkan, R and J. C. McWilliams, and A. F. Shchepetkin, and M. J. Molemaker, and K. Srinivasan, and A. Bracco, and J. Choi.* University of Miami, Rosenstiel School of Marine and Atmospheric Science, CARTHE meeting: Submesoscale Dynamics in the Northern Gulf of Mexico: Frontogenetic Rates, Temperature-Salinity Compensation, and Cross Shelf Transport Processes (Oral Presentation). Miami, Florida, 2016.
- *Barkan, R and J. C. McWilliams, and A. F. Shchepetkin, and M. J. Molemaker, and K. Srinivasan, and A. Bracco, and J. Choi.* Gulf of Mexico Oil Spill & Ecosystem Conference: Submesoscale Dynamics in the Northern Gulf of Mexico: Frontogenetic Rates, Temperature-Salinity Compensation, and Cross Shelf Transport Processes (Oral Presentation). New Orleans, Louisiana, 2017

- *Barkan, R and J. C. McWilliams, and K. Srinivasan, and M. J. Molemaker.* Atmospheric and Oceanic Fluid Dynamics Conference: The Role of Horizontal Divergence in Submesoscale Frontogenesis (Oral Presentation). Portland, Oregon, 2017.
  - *Barkan, R and K. B. Winters, and J. C. McWilliams.* Atmospheric and Oceanic Fluid Dynamics Conference: Stimulated Imbalance and the Enhancement of Eddy Kinetic Energy Dissipation by Internal Waves (Poster Presentation). Portland, Oregon, 2017.
  - *Barkan, R and J. C. McWilliams, and K. Srinivasan, and M. J. Molemaker.* University of Miami, Rosenstiel School of Marine and Atmospheric Science, CARTHE meeting - The Role of Horizontal Divergence in Submesoscale Frontogenesis (Oral Presentation). Miami, Florida, 2017.
  - *Barkan, R and J. C. McWilliams, and K. Srinivasan, and M. J. Molemaker.* Gulf of Mexico Oil Spill & Ecosystem Conference: The Dynamical Role of Horizontal Divergence in Submesoscale Frontogenesis (Oral Presentation). New Orleans, Louisiana, 2018.
  - *Barkan, R and K. B. Winters, and J. C. McWilliams.* Workshop on internal wave eddy interactions: Stimulated Imbalance and the Enhancement of Eddy Kinetic Energy Dissipation by Internal Waves (Oral Presentation). Portland, Oregon, 2018.
  - *Barkan, R and J. Gula, and J. C. McWilliams, and M. J. Molemaker.* Ocean Sciences meeting: How much of the ageostrophic energy in the ocean is associated with linear internal waves ? (Oral Presentation). Portland, Oregon, 2018.
  - *Barkan, R and J. C. McWilliams, and A. Solodoch, and M. J. Molemaker.* University of Miami, Rosenstiel School of Marine and Atmospheric Science, CARTHE meeting: River plume dynamics during SPLASH (Oral Presentation). Miami, Florida, 2018.
- 

- Barkan, R. University of Ben Gurion in the Negev. GFD-days meeting: Ageostrophic Turbulence and Ageostrophic Frontogenesis (Oral Presentation). Sde Boker, Israel, 2019.
- Barkan, R. University of Potsdam. Workshop on Conservation Principles, Data, and Uncertainty in Atmosphere-Ocean Modelling: Stimulated Imbalance and the Enhancement of Eddy Kinetic Energy by Internal Waves (Oral Presentation). Potsdam, Germany, 2019.
- Barkan, R and J. C. McWilliams, and K. Srinivasan, and M. J. Molemaker, and Eric A D'Asaro. 2020 Ocean Sciences meeting: Submesoscale Frontogenesis (Oral Presentation). San Diego, USA, 2020.
- K. Srinivasan and Barkan, R and J. C. McWilliams, and J. Gula. 2020 Ocean Sciences meeting: Near-Inertial Wave-Eddy Interactions in Realistic High Resolution Simulations of the North Atlantic Subpolar Gyre (Oral Presentation). San Diego, USA, 2020.
- Siyanbola O. and Buisjman M. C, and Barkan, R, and B. K. Arbic. and J. C. McWilliams. 2020 Ocean Sciences meeting: The Effects of Remotely Generated Internal Tides in Regional Model Simulations of the California Current System (Poster Oresentation). San Diego, USA, 2020.
- Barkan, R. Hebrew University of Jerusalem invited seminar: What determines the distribution of contaminants in the ocean? Insights from observations, numerical modeling, and theory. Jerusalem, Israel, 2020.

## D. Academic and Professional Awards

### D.1.1 External Grants

- National Science Foundation - The Interactions Between Internal Waves, Mesoscale Eddies, and Submesoscale Currents in the California Current System, 2019-2022. PI: Roy Barkan, co-PIs Prof. Brian Arbic (University of Michigan), and Prof. Maarten Buijsman (University of South Mississippi). Barkan's portion of the grant: \$370,854.
- Office of Naval Research, USA - Near-Inertial Wave - Mesoscale - Submesoscale Interactions in the North Atlantic Supolar Gyre, 2018-2023. PI: Roy Barkan, total sum \$592,895.
- Israeli Science Foundation, Israel - Interactions Between Internal Waves, Mesoscale Eddies, and Submesoscale Currents in Tropical and Extra Tropical Ocean Basins, 2018-2023. PI: Roy Barkan, total sum 1M NIS.
- BIRD Foundation - U.S. - Israel Center of Excellence in Energy, Engineering and Water Technology, 2021-2025. PIs: Roy Barkan, Yaron Toledo (TAU), Hezi Gildor (HUJI). Barkan's portion of the grant: 426,616 NIS.
- Israel Ministry of Energy, 2022-2024. PIs: Hezi Gildor (HUJI), Roy Barkan, Yaron Toledo (TAU), Yoav Lehahn (Haifa University). Total sum: 577,000 NIS.
- Israeli Science Foundation, Israel - Oceanic Vertical Transport Processes through the Surface Mixed Layer, 2023-2026. PI: Roy Barkan, total sum 1,080,000 NIS.
- Israeli Science Foundation, Israel (together with the National Natural Science Foundation of China) - Cross-scale Energy Transfers in the South China Sea Western Boundary Current. PI: Roy Barkan, total sum 981,300 NIS.

## E. Memberships in professional societies.

- American Geophysical Union, 2021 - present.
- European Geophysical Union, 2021 - present.

## F.1 Doctoral Students Supervised

2020 - present. Subhajit Kar. Physical Oceanography. In progress.

2022 - present. Michal Shaham. Physical Oceanography. In progress.

## F.2 Postdoctorate researchers Supervised

2020 - 2022. Dr. Aviv Solodoch. Physical Oceanography. Now Senior Lecturer at the Hebrew University.

2021 - present. Dr. Vicky Verma. Physical Oceanography. In progress.

2019 - 2022. Dr. Luwei Yang, Physical Oceanography. Now Assistant Researcher at the Australian National University.

2020 - 2022. Dr. Audrey Delpech. Physical Oceanography. Now a Postdoctorate Researcher at the Jet Propulsion Lab.

## G. Honors and Awards

- Undergraduate honors scholarship award - Tel Aviv University, Geophysics department, 2005.
- B.S. Geophysics, graduated with honors - Tel Aviv University, Geophysics department, 2007.
- M.S. honors scholarship award - Tel Aviv University, Geophysics department, 2008.
